# JUST MIX

**Le nuance naturali del legno aiutano a cogliere l'essenza dei luoghi: materiali e colori si amalgamano con l'ambiente circostante.**

The natural shades of wood help capture the essence of venues: materials and colours blend together with the surrounding environment. • Les nuances naturelles du bois aident à saisir l'esprit des lieux : matériaux et couleurs se mélangent avec l'espace environnant. • Die natürlichen Nuancen des Holzes tragen dazu bei, die Essenzen des Ortes aufzufangen: Materialien und Farben fügen sich in die Umgebung ein. • Los tonos naturales de la madera ayudan a captar la esencia de los lugares: materiales y colores en combinación con el ambiente que los rodea. • Натуральные оттенки дерева помогают уловить сущность мест: материалы и цвета сочетаются с окружающим пространством. • 木材的天然色调有助于体现房间的本质：材料和颜色与周围环境融为一体。
